Yun Hsiao

7+ years of product design experience
delivering end-to-end, cross-platform solutions
for complex, data-intensive B2B / SaaS
systems across Cybersecurity, AI, and FinTech.

Work Experience

UX Designer III, F5

Seattle | 04. 2022 – Present

- Lead end-to-end redesign and migration of Bot Defense, streamlining threat investigation workflows, driving cross-functional alignment, increasing engagement by 35%, and expanding mid-market adoption with 200+ new customers over three years.
- Reimagine Bot Defense investigation workflows with AI assistant.
- Improve usability, accessibility, and consistency for monitoring and security configuration, and designed platform-wide features across six core F5XC products, benefiting over 1,000 enterprise clients.
- Advance F5XC design system with 10+ new components, enhancing clarity and user control for data comprehension and monitoring interactions.
- Direct and support 7 usability study sessions with 60+ participants for F5XC, leading research design reviews and delivering team-wide training to ensure collection of credible insights.

UX Designer, EchoNous

Redmond | 02. 2022 – 04. 2022

- Led end-to-end design of exam management service, partnering cross-functionally to shape product direction for expansion into clinical market.
- Optimized AI-assisted ultrasound workflows across standalone and Android apps to improve usability and inclusivity, and delivered cardiac calculation features through participatory design to enhance diagnostic accuracy.

UX Designer, Microsoft Research

Redmond (via Myriad Consulting) | 09. 2019 – 01. 2020

- Led UX and visual redesign for Microsoft Academic, enhancing interaction efficiency, readability, and consistency while driving engagement across 700K+ monthly researchers worldwide.
- Designed interactive multi-sense data visualizations, topic graphs, and paper networks to transform complex AI knowledge graphs into actionable insights, collaborating closely with ML researchers and data scientists.

Education

Master of Human-Computer Interaction

University of Michigan, Ann Arbor | 09. 2017 – 05. 2019

Master of Library and Information Science

University of Washington, Seattle | 09. 2015 – 06. 2017
